4. GENERAL RULES OF ACTION AND PREVENTION MEASURES AGAINST COVID-19

A. GENERAL CONSIDERATIONS: BASIC PRINCIPLES

1 | INTRODUCTION

Due to the strange situation we're experiencing, the Department of Sports of the Orihuela City Council has made some measures, recommendations and obligations for the use of the Municipal Sports Facilities (MSF) and the organization of activities and events held at the sports facilities during 2020/21 season.

The measures adopted in this document don't mean that those proposed by the corresponding authorities can be breached, in any case. This protocol will imply that the conduct of all the people involved must adapt to the new conditions of the pandemic. We cannot continue acting as before the appearance of COVID-19. In this document we will see the principles of **prudence**, **responsibility** and **civic commitment**, because it's closely related to the mandatory measures established by public authorities (municipal, regional and state) and sports federations.

One important thing to keep in mind is that it's impossible to guarantee an absolutely risk-free environment, so our goal is to reduce those risks wherever possible. For this, the medical recommendations and other knowledge recommended in the application of good practices for social and personal use, will be applied (these are common health and government counils). In any case, the highest good is to preserve the health security of sports and athletes, but also society in general, specifically of people who live with athletes and people at high risk of contagion.

This protocol isn't rigid; in other words, it will be adapted according to the new measures decreed by the Ministry of Health and the rest of the pertinent authorities. The measures will be subject to the guidelines and new data that are provided from the scientific community, therefore, it's subject to changes and modifications.

2 | *LEGAL FOUNDATIONS*

This protocol is “protected” by the RESOLUTION of June 26, 2020, of the Consellería de Sanidad Universal y Salud Pública, of the adoption of additional complementary prevention and protection measures in the field of sports activity, in application of the Agreement of June 19, of the Council, against COVID-19 (2020/5003).

3 | *AREA OF APPLICATION*

It will apply to all MSF that depend of the Orihuela City Council. It will also influence the activities and events of a sports character organized by the Sports Council.

4 | *GENERAL OBJECTIVES*

a. DELIMITING THE “CLEAN AREAS” OF THE SPORTS FACILITY. The aim is to limit the space in which compliance with the prevention measures of this Protocol will be required.
b. ESTABLISH A SET OF ACTION AND PREVENTION MEASURES, pursuant to the instructions set by the health authorities. These measures will be mandatory in the MSF and in the development of all activities.
c. PROMOTE DISCIPLINE AND HYGIENE HABITS for all people who use the sports facility and activities that reduce the risk of contagion.
d. INFORM AND TRAIN ALL USERS (athletes, coaches, employees, directors and parents) about the new action measures.
e. RAISE AWARENESS in the sports sector about personal responsibility and awareness in the face of this health crisis derived from the COVID-19 pandemic. The purpose is that prevention measures are assumed by all people and achieve our objectives. Sport is part of the solution and not part of the problem. That is why we have the obligation to try to obtain safe facilities and comply with the measures indicated by the health authorities.

5 | *GENERAL RULES FOR ACTION AND PREVENTION MEASURES*

The measures adopted in any sports facility or activity must always comply with and respect the following points:

1. **1.5 M. SOCIAL SECURITY DISTANCE**
2. **HYGIENE AND DISINFECTION OF HANDS AND FOOTWEAR**
3. **MANDATORY USE OF A RESPIRATORY MASK**
4. **CLEANING AND DISINFECTION OF THE MSF AND SPORTS MATERIAL**
5. **CONTINUOUS MONITORING OF SYMPTOMS COMPATIBLE WITH COVID-19**
6. **ACCESS TO MSF AND USE OF STANDS**
7. **ORGANIZATION OF THE MSF AND SPORTS ACTIVITIES**
8. **RESPONSIBLE FOR COMPLIANCE**
9. **PUBLICITY OF MEASURES**
10. **REVIEW AND IMPROVEMENT**

In the event of any doubt about how to act in a facility or activity, the application of these general rules must be guaranteed.

1. 1.5 M. SOCIAL SECURITY DISTANCE

In all sports areas, a safety distance must be maintained. Those places where this distance cannot be guaranteed will not be accessible. It's recommended not to stop to talk to other people. Passage areas must be respected and common areas free.

2. HYGIENE AND DISINFECTION OF HANDS AND FOOTWEAR

- In all the MSF there will be hygiene and hand disinfection points, with hydroalcoholic gel.
- There will also be disinfectant mats in all MSF where it can be installed.
- It's recommended that users and athletes wear the appropriate footwear for the sport or activity that they're going to do.

3. MANDATORY USE OF RESPIRATORY MASK

It's mandatory that monitors, coaches/trainers, students and users use the respiratory mask (users may remove it when they're doing sports) as long as they're at the MSF. If someone isn't wearing the mask, they will not be able to access to the facility.

4. CLEANING AND DISINFECTION OF THE FACILITY AND SPORTS MATERIAL

- FACILITY: the disinfection and cleaning protocols included in the action and contingency plan against COVID-19 of the Orihuela City Council will be applied.

LINK

- SPORT EQUIPMENT:

1. Each group will have its material well differentiated, not to share.
2. Before starting the session, all the material will be disinfected.
3. The monitor/coach/trainer/preparer will place, collect and deliver the material when necessary. Athletes who need to use it throughout their sporting activity will have priority.
4. Generally, students will not be able to share any sports materials or equipment used for specific tactical drills or training.

5. CONTINUOUS MONITORING OF SYMPTOMS COMPATIBLE WITH COVID-19.

- In NO CASE will the sports facility be accessible if the user has symptoms of COVID-19 (cough, fever, headache…). Nor will the facility be accessible if it has been in contact with someone infected by COVID-19 in the last 14 days, until the health authorities carry out the relevant tests.
- NO one will be able to access the facility who has tested positive for COVID-19, even if there are no symptoms (asymptomatic) until their doctor tells them that they can return to normal life.
- All users should feel that they've a GREAT RESPONSIBILITY FOR THEMSELVES AND OTHERS. It's recommended that everyone be watching for possible COVID-19 symptoms.

- To confirm this point, different responsibility documents will be used for the different activities:

    1. RESPONSIBLE DECLARATION AND INFORMED CONSENT OF THE MSS (Annex 1):

       Parents or legal guardians of the students will have to fill out the document of the RESPONSIBLE DECLARATION AND INFORMED CONSENT, so that the children can participate in the MSS. This document must be attached at the time of enrollment.

       LINK

    2. RESPONSIBLE DECLARATION FOR CLUBS AND SPORTS ENTITIES (Annex 2):

       The technical coordinator of each club or sports entity must complete and register the responsible declaration for groups of up to 25 athletes at the Electronic Office. This document will be useless if it isn't attached together with the EPIDEMIOLOGICAL CONTROL that is requested in the section on specific measures; MSS, sports clubs and entities; Water Palace pools.

       LINK

    3. RESPONSIBLE DECLARATION document for the Water Palace courses (Annex 3):

       Each user will fill in when they register a responsible declaration document for the practice of sport.

       For minors, their parents or legal guardians will fill out and sign the document.

       LINK

6. ACCESS TO SPORTS FACILITIES AND USE OF STEPS

Access to MSF will be restricted only for users who practice sports and for the accompanying persons of: MSS students and athletes from the base category clubs that use the MSF.

- Different access control points will be set up.
- Access to cafes will be available until full capacity is reached.

7. ORGANIZATION OF THE FACILITY AND SPORT EQUIPMENT

To avoid crowds between the participants, the following measures are taken:

1. Rearrange the facility:

- CLEAN AREAS will be defined in those facilities where it's difficult to control access to the facility. (Annex 4)
- Organization and entry and exit access. CONTROL POINTS in sports areas.
- Create itineraries to move around the facilities and avoid uncontrolled wandering or crossings with other users. (Annex 5)

2. Reorganization of activities

- Numerical reorganization and creation of stable groupsn in the MSS: according to the activity and the sports space.
- Shift system: cannot be accessed until the person inside has left.

8. RESPONSIBLE FOR COMPLIANCE

Each director of school or club or in charge of the area will be RESPONSIBLE FOR THE STRICT COMPLIANCE WITH THE SECURITY MEASURES, in addition, the technical director will supervise and control the development of the protocol and the good compliance with preventive measures imposed at facilities and sports activities.

9. ADVERTISING IN THE MEASURES

The Sports Department will launch an information campaign with the aim of disseminating prevention measures to all users of MSS. It will be done as follows:

- Posters in each area where there are specific measures.
- Information to athletes and participants before the start of activities, via email, WhatsApp, etc.
- Information on our social networks and website.

10. REVIEW AND IMPROVEMENT

No system is built from scratch as scheduled. The process will be analyzed to check the degree of implementation or compliance to assess the strengths and weaknesses. The purpose is to make a decision with the improvements that will come for the future.

- Review date 10/11/2020.
- Means of communication established by those responsible through a meeting. (6/11/2020)
- Survey to evaluate the measures from the users' point of view.

B. PREVENTIVE MEASURES

1 DELIMITATION OF THE "CLEAN ZONE" OF THE SPORTS FACILITY

2 ANALYSIS OF THE AREAS OF THE SPORTS FACILITY

1. *ZONES OF ENTRY AND EXIT FROM THE FACILITY*
2. *COMMON AREAS*
3. *STEPS*
4. *CHANGING ROOMS*
5. *TOILETS*
6. *MULTIPURPOSE ROOMS AND GYM*
7. *FIELDS OF PLAY AND OUTDOOR COURTS*
    a. *OUTDOOR TRACKS*
    b. *COVERED TRACKS, SPA AND HEATED POOL*
8. *DROPPING OFF AND PICKING UP OF STUDENTS*

1 | DELIMITATION OF THE "CLEAN ZONE" OF THE SPORTS FACILITY

In all facilities where user access control is difficult, "CLEAN ZONES" will be carried out.

The "Clean Zone" is the area of the facility with use restricted to students of the MSS, companions and users during training hours. In these areas all preventive cleaning and disinfection measures will be applied.

To access the clean area of the facility it will be necessary:

- You shouldn't have fever or symptoms of being sick.
- You must wear a respiratory mask.
- You should clean and disinfect your hands frequently.
- You must comply with all the security measures and instructions that appear in this protocol.

2 | ANALYSIS OF THE FACILITY AREAS

2.1 ENTRY AND EXIT AREAS

- Explanatory posters of the rules to apply.
- Access only for users, respecting shifts and capacity.
- Access with individual protection mask.
- 1.5 M. of social safety distance.
- Gradual accesses to avoid crowds at the entrances and exits of sports facilities.

In facilities where access control is complicated, control points will be installed to delimit these "Clean Zones".

2.2 COMMON AREAS

a. Well-marked transit routes are established to avoid crowds and to always respect social safety distances. (Annex 5)

LINK

b. It's forbidden to use the benches and other elements of common areas.

c. HYGIENE POINTS will be established with hydroalcoholic gel that are marked on the itineraries of the sports facility and in toilets, tracks and sports facilities.
d. Public water sources will be closed.

2.3 STANDS

During training sessions, access to the stands is restricted to a single companion per student, user or athlete.

In official competitions, the sports facility can be accessed with a capacity limited to 75% and with a maximum of 1000 attendees. In sports facilities where the safety distance of 1.5M cannot be guaranteed, the capacity will be reduced until this measure is met.

2.4 CHANGING ROOMS

The use of the changind rooms is permitted according to the máximum capacity. Safety measures must be observed in all changing rooms. Access turns will be implemented.

2.5 TOILETS

We meet the following rules:

a. These can only be used in an urgent or dire need.
b. Explanatory posters where the rules of use appear.
c. Capacity limitation: to guarantee the safety distance of 1.5M, even when users are in waiting areas. (Toilets Will be marked and the sinks as well, so that users know which ones they can use and which ones they cannot).
d. In the toilets there will be dispensers of sanitizing gel for hands and sinks with soap for proper higiene and disinfection of the hands. This will be mandatory for all users who Access the sports facility.

2.6 Multipurpose rooms and gym

a. Capacity will be limited to one user for every 2.25 m2.

b. In all rooms, the minimum safety distance (1.5m) will be guaranteed.

c. Cleaning and disinfection of the hands will be mandatory before users start their activity. In the room there will be a table set up for it.

d. Users will always Access with their own material and sports equipment, in addition, they will also have to carry a towel to spread it on the floor or mats. It's recommended that it be long enough to cover the athlete's entire body.

e. The use of wristbands and headbands is recommended, so that users don't touch their faces with their hands.

f. Each user must have their own bottle of water (or energy drink) for the activity.

g. For activities carried out on the floor, athletes will use mats. On the mats, they should put their own towel (it should be long enough to cover their entire body).

h. Backpacks or bags will be placed:

- On racks 1.5m apart.
- In the event that there are no racks, individually numbered areas on the floor will be delimited for users to leave their backpacks. When they finish their Sporting activity, those spaces will be cleaned and disinfected.
- When collecting backpacks, users must do so in an orderly manner, always respecting the social safety distance.

i. The facility's rooms, machines and sports equipment will be cleaned after each activity or each shift.

j. The attendance of users to each sporting activity will be controlled. All with the aim of, in case there is someone infected by coronavirus, to know with whom that user has been in contact.

k. If it's possible, each room should be ventilated when they finish the sport activity.

l. EXIT from the facility must be done in an orderly manner and respecting the 1,5m social safety distance at all the times. It's forbidden to stop to talk to other users at the exit.

2.7 Outdoor playing fields and courts

2.7.1 Outdoor playing fields

a. The trainings have been organized and planned, as well as the distribution of the equipment in the fields. Everything organized in shifts.

b. During training, the mask will be mandatory for monitors, coaches, trainers and those responsable for the activity, except when expressly told otherwise.

c. Entrance to the fields: safety social distance will be guaranteed before, after and during sports activities.

d. Control of attendance to determine the users who have been in contact with someone who has been infected with COVID-19. The person in charge of keeping this attendance control will be the monitor or coach/trainer.

e. It’s forbidden for a group of athletes to talk closely together.

f. At the entrances to the playing fields or outdoor court there will be tables with what is necessary for hand higiene and disinfection.

g. Bounded spaces will be adapted for athletes to leave their backpacks, bags or duffel bags, these areas also respecting the social safety distance.

h. Sports equipment can only be handled by the monitor nor the coach. In addition, he must clean and disinfect it at the beginning of each workout or activity.

i. Spitting or blowing you nose on the field of play is prohibited. Athletes will be informed that they cannot do this.

j. It’s recommended to wear wristbands and headbands to prevent athletes from touching their faces with their hands.

k. During sports, athletes must respect the safety social distance (1,5m) at all times.

l. Use of materials:

- All athletes must bring their own sports equipment (racquets, backpacks, towels, water bottles, etc.). In no case can it be shared with other users.
- In the case of activities directed by the monitor/trainer, the use of materials (cones, mini-goals, nets, balls, etc.) will be reduced. They can only be manipulated by the monitor and NEVER by users. It will be disinfected before and after.
- Use of balls: each athlete will use the same ball during the activity. It will be disinfected at the beginning of the activity.

m. The DEPARTURES of the facilities will be carried out in an orderly manner and always maintaining the social security distance (1,5m).

n. Cleaning of the playing Surface: it will only be donde if the nature of the Surface allows it and it can be done safely (risks with chlorinated water or specific cleaning).

2.7.2 Indoor courts, spa and heated pool

a. The maximum capacity will be limited to one user per 2.25 m2.
b. The rest of the rules will be common to the outer courts.

2.8 Drop off and pick up area for students

In all facilities there will be spaces for dropping off and picking up students. These will be well marked for parents who bring their children in vehicles. Stopping is allowed in these zones, but parking is prohibited.

C. SPECIFIC MEASURES: MUNICIPAL SPORTS SCHOOLS (MSS), SPORT CLUBS AND ENTITIES; WATER PALACE

1 MUNICIPAL SPORTS SCHOOLS (MSS)

2 SPORTS CLUBS AND ENTITIES

3 WATER PALACE

1 | *MUNICIPAL SPORT SCHOOLS*

1. Access to clean areas

Access to the clean areas of the sports facilities will be exclusively for the students of the MSS and their companion.

2. Meeting areas

Parents or companions must drop off and pick up students in the meeting areas set up in each facility. They will be previously informed of what those areas are specifically.

3. Items for individual use

Students must bring their own drinks, food, creams or other products because it's forbidden to share any type of material.

* Hand hygiene and disinfection is mandatory, that is why there are points with disinfectant gel in all facilities. However, it's recommended that each user bring their own gel.

4. Individual spaces

Students must leave their belongings in the designated areas, always maintaining a safety distance of 1,5m between them.

5. Stable groups

Students will be part of stable groups and will move around the facility with them, maintaining social safety distance and accompanied by their monitor. They will do this through the marked itineraries and will NOT be able to leave the group at any time.

6. Responsible declaration and informed consent

The parents or legal guardians of the students must compulsorily fill in the document of the RESPONSIBLE DECLARATION AND INFORMED CONSENT FOR PARTICIPATION IN MSS.

7. Entry restriction for students of the MSS

Entry to clean areas will be restricted for MSS students during training hours (17:45-20:00). Users, who aren't in the MSS and who carry out another activity that is permitted, must also go through the disinfection control point to Access the clean area and comply with the established hygiene measures.

8. Cancellation of the bus service

The reason for canceling the bus service during the 2020/21 season is to minimize and reduce the risk of contagion by COVID-19.

9. Drop off and pick up area for students (Annex 6)

Drop off and pick up areas for students will be set up. These will be well signposted in the sports facilities, so that parents, guardians or companions don't have problems when it comes to visualizing the appropriate place to drop off and pick up students.

LINK

2 | SPORTS CLUBS AND ENTITIES

1. Strict compliance with the protocol, means and protection mechanisms

The rules that appear in this protocol are mandatory. The rules imposed by the corresponding Sports Federations must also be met and they will be responsable for verifying that they are met.

* The clubs will be responsable for complying with the maximum capacity measures, which are established in this protocol, in oficial competition matches.

2. Responsible Declaration

The technical coordinator or the coach of each club or sports entity must deliver to the Sports Councilor a Responsible Statement for incidents in groups of up to 25 athletes. They must report the decision to use the sports facilities to carry out the activities planned for the preparation of athletes. This decisión is made by the club itself and they have been able to assess the risks that the current pandemic situation entails for their health.

*This document will not valid if it isn't attached with the document from point 3.

3. Epidemiological control form (Annex 7)

This document has to be filled out and registered at the Electronic Office. The data of the athletes and members of the coaching staff, full name, DNI and telephone number must appear. No one who isn't in that document will be able to access. In addition, this document will not work if it's accompanied by the RESPONSIBLE DECLARATION OF CLUBS AND SPORTS ENTITIES.

LINK

4. Friendly competition, matches and tournaments

In friendly matches the public will not be able to access, until further notice.

Each club must be responsible for sending these documents (RESPONSIBLE DECLARATION and EPIDEMIOLOGICAL CONTROL) to the rival club and inform them that no one who isn't on the list will be able to access to the sport facility. These documents must be delivered to the custodian of the sports facility to allow them access. In addition, the club that plays at home must inform the rivals of the hygiene and safety measures that appear in this protocol. In official matches, the match record itself will be used as an epidemiological control document.

*To use the changing rooms, athletes must respect security measures and the maximum capacity. It's recommended to access by turns.

3 | WATER PALACE

1. Means and mechanisms of protection

It's mandatory to comply with the rules established in the general measures of this protocol. It's also mandatory to comply with the specific rules of the facility that will appear on the posters and signs located in the Municipal Sports Facility.

2. RESPONSIBLE DECLARATION document

All users must fill in, when enrolling in any course, the document of RESPONSIBLE DECLARATION FOR THE PRACTICE OF SPORT related to COVID-19.

*In the case of underage athletes, it's their parents or legal guardians who must fill out this document.

3. Use of changing rooms

The use of changing rooms is allowed, but with limited capacity.

D. MEASURES IN CASE OF DETECTING A POSSIBLE CASE OR BEING INFORMED OF ANY POSITIVE CONTAGIO IN COVID-19

1 *MUNICIPAL SPORTS SCHOOLS (MSS) AND CHILDREN'S COURSES OF THE WATER PALACE*

2 *SPORTS CLUBS*

1 | MUNICIPAL SPORTS SCHOOLS AND CHILDREN'S COURSES OF THE WATER PALACE

1.1 In case of detecting symptoms of contagion in a student:

1. Take the student to a space separated from other people with the mask on and accompanying him at all times.
2. Notify the student's family. Family members will be encouraged to contact health services and pick up the student,as soon as possible.
3. Contact the school director or the person in charge of the activity that the possibly infected student was developing.
4. Wait for instructions.

* For the rest of the student's group,if the activity has started, it will be terminated. These students will be taken to the area enabled for backpacks, well separated by the social safety distance. Finally, parents or legal guardians will be notified to pick up students.

1.2 In case of being informed by the parents or by the health authorities of a positive case among the students:

1. They must always follow the instructions of the health authorities.
2. Continuous disinfection of sports facilities.

2 | SPORT CLUBS

2.1 These will always be under the surveillance of the health authorities. In case of contagion, the positive must be isolated for at least 14 days from the date the sample is taken, as long as no further symptoms develop. If symptoms develop, the isolation will be maintained until 3 days after the fever and the clinical picture with a minimum of 10 days from the onset of symptoms.

2.2 Communicate the positive to:
Ministry of Health of the Valencian Community.
Corresponding sports federation.
Department of Sports of the Orihuela's City Council.

2.3 We must always follow the instructions of the health authorities.

2.4 If within the club there is any contact with someone infected with COVID-19, this must be isolated for 14 days from the last contact with the confirmed case. The person in question will undergo the same tests as the positive infected. We will always follow the instructions of the health authorities.

2.5 All municipal sports facilities will be properly disinfected.

E. ANNEXES

ANNEX 1
RESPONSIBLE DECLARATION AND INFORMED CONSENT FOR THE PARTICIPATION IN MSS

Ayuntamiento de Orihuela

RESPONSIBLE DECLARATION AND INDORMED CONSENT FOR THE PARTICIPATION IN THE 2020/2021 MUNICIPAL SPORTS SCHOOLS (MSS), ORGANIZED BY THE SPORTS COUNCIL OF THE HONORABLE CITY COUNCIL OF ORIHUELA

Mr. / Ms. _____, with ID (Dni)_____

as father / mother / guardian of _____ (participant), in relation to his/her participation in the Municipal Sports Schools (MSS) of the Department of Sports of the Orihuela City Council, I RESPONSIBLY DECLARE:

1st.- Our son / daughter hasn't had symptoms related to COVID-19 disease during the last 14 days, nor has he / she been in close contact with a probable or confirmed case of COVID-19.

2nd. – Our son/daughter (choose an option):

☐ Doesn't belong to any of the risk groups that are most vulnerable to infections against COVID-19.

☐ Belongs to vulnerable risk groups due to COVID-19 infections, but we have a medical authorization to participate in activities such a Sports Schools, which we attach at this time.

3rd.- Our son/daughter (choose an option):

☐ Doesn't live with people with special vulnerability to COVID-19.

☐ Lives with people with special vulnerability to COVID-19, but we have the authorization of the partners to participate in the Municipal Sports Schools.

4th.- We're committed to making a daily review of the state of health by taking temperature and continuous monitoring of the symptoms of COVID-19.

5th.- I know the conditions of participation in te Municipal Sports Schools and the protocol for the adaptation of organizational measures, operation and execution of activities in MSS, for prevention of infections against COVID-19.

6th.- We undertake to accept the protocols promoted by Municipal Sports Schools, as well as the preventions and hygiene measures proposed and consistent with those described at time by the Health Authority.

7th.- I know and have been informed about the risks of the activity: sports practice entails risks for health and personal integrity, such as injuries, cardiorespiratory alterations and

ANNEX II
RESPONSIBLE DECLARATION FOR CLUBS OR SPORTS ENTITIES

Ayuntamiento de Orihuela

RESPONSIBLE STATEMENT OF CONSENT OF THE COACH, TRAINNER OR TECHNICAL RESPONSIBLE FOR INCIDENTS FOR GROUPS OF UP TO 25 ATHLETES ACCESS TO THE ORIHUELA MUNICIPAL SPORTS FACILITIES (MSF)

Sport facility:
Coach/Trainner/Technical Manager:
Club or entity:
Birthdate:
DNI:

With this document, I declare, as a **coach/trainner** or **Technical Manager**, that I have been clearly informed that the decision to use the MSF (to carry out physical preparation activities for the athletes I supervise) is a personal and joint decision. We have valued the benefits and effects of training, but also the risks to our health due to the current pandemic situation.

I declare:

- I haven't been in contact with infected people for the last 14 days. I don't have symptoms related to the Coronavirus (cough, fever, taste and smell changes...) and I am not a high-risk person.
- I've been well informed of the measures that I must take to reduce the risks. Furthermore, I know that the people responsible for sports facilities cannot guarantee full safety at sports facilities due to the current pandemic.
- I've been informed and warned about the risks that I could suffer if I contract COVID-19, as well as the consequences and possible consequences that it could entail for my health and that of others.

In accordance with everything stated above:

- I undertake to follow the instructions of the sports entity where I do sports, the health authorities and the recommendations that are indicated in the facilities, because I know them perfectly.
- I understand the risk and possibility of contracting COVID-19 and I know the measures I must take to reduce the probability of infection (safety distance, respiratory mask, hand washing and disinfection, staying home as long as possible...).
- I declare, making use of the rights guaranteed by lay, my intention to use MSF and I assume individual and group responsibility, declaring the incidents that occur.

Signature of coach/trainner/technical manager

ANNEX III
RESPONSIBLE DECLARATION FOR PARTICIPATION IN AQUATIC OR FITNESS ACTIVITIES (WATER PALACE)

Ayuntamiento de Orihuela

RESPONSIBLE DECLARATION FOR PARTICIPATION IN

AQUATIC OR FITNESS ACTIVITIES

Mr./Mrs. ..... Of legal age and with DNI..... With phone number ..... living in ..... on their own behalf or as the minor's father/mother/legal guardian.....

I declare responsibly:

1- I've full knowledge and awareness that the practice of any sport, implies a risk of contagion by COVID-19. I'm aware of this and I accept it.
2- I don't present symptoms related to the SARSCoV-2 (fever equal or greater that 37,5º, cough, general malaise, feeling of shortness of breath, alterations in taste and smell, headache...) or any other typical symptom of infections.
3- I haven't tested positive for COVID-19 and I haven't been with someone infected in the last 14 days.
4- I'm aware and accept that non-compliance with the COVID-19 regulations, or not declaring that I'm positive or that I've been in contact with someone infected by COVID-19, is a very serious infraction that will result in a sanction of exclusion; that is to say, the IMMEDIATE DE-SUBSCRIPTION of the sporting activity.
5- I promise to inform the Sports Department by email (deportes@orihuela.es) or by phone (966737720) of any symptoms that I have related to COVID-19. In case of testing positive or being positive for Coronavirus, I promise to keep the Sports Department informed of the progress. This information will be confidential and with the only purpose of being able to adopt the necessary measures to prevent further infections. By filling in this document, I give my consent to the Sports Department of the Orihuela City Council to progress this data from a medical and preventive point of view. Compliance with the aforementioned regulations is an individual responsibility; the Orihuela City Council has nothing to do with it.

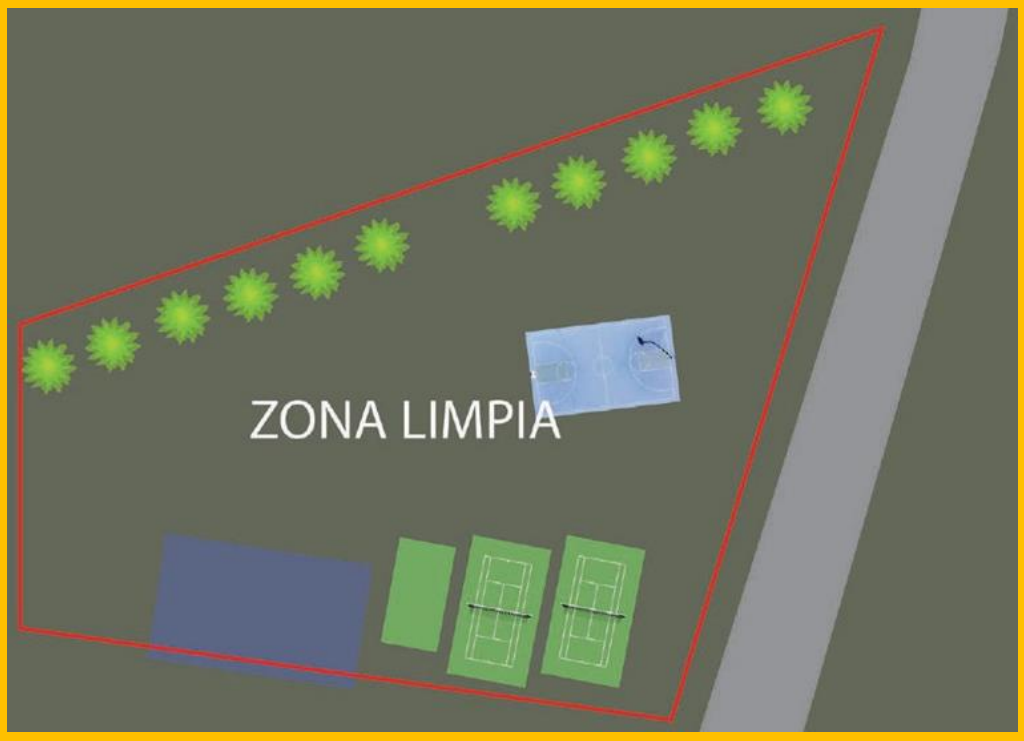

For this to be recorded for the appropriate purposes, **I SIGN THE DOCUMENT**:
